# Introduction to ChEA Program

Imagine being recognized as an expert economist, equipped with advanced skills in economic analysis and policy-making, poised to drive significant changes in the financial world. The Chartered Economic Analyst (ChEA) certification is designed for professionals who aim to excel in economic analysis. This course prepares you comprehensively for the ChEA exam, covering critical topics such as economic theory, econometrics, monetary policy, fiscal policy, and international economics. It demonstrates your competence and credibility, boosting your career prospects in the field of economics.

# Why Choose Chools?

## Numbers That Speak for Themselves:

- **10,000+ Successful Alumni:** Join a network of impactful professionals.
- **95% Job Placement Rate:** Secure your future with Chools' proven track record.
- **20+ Years of Excellence:** Trust in a legacy of education and industry expertise.
- **200+ Industry Partnerships:** Leverage our connections for real-world insights and opportunities.

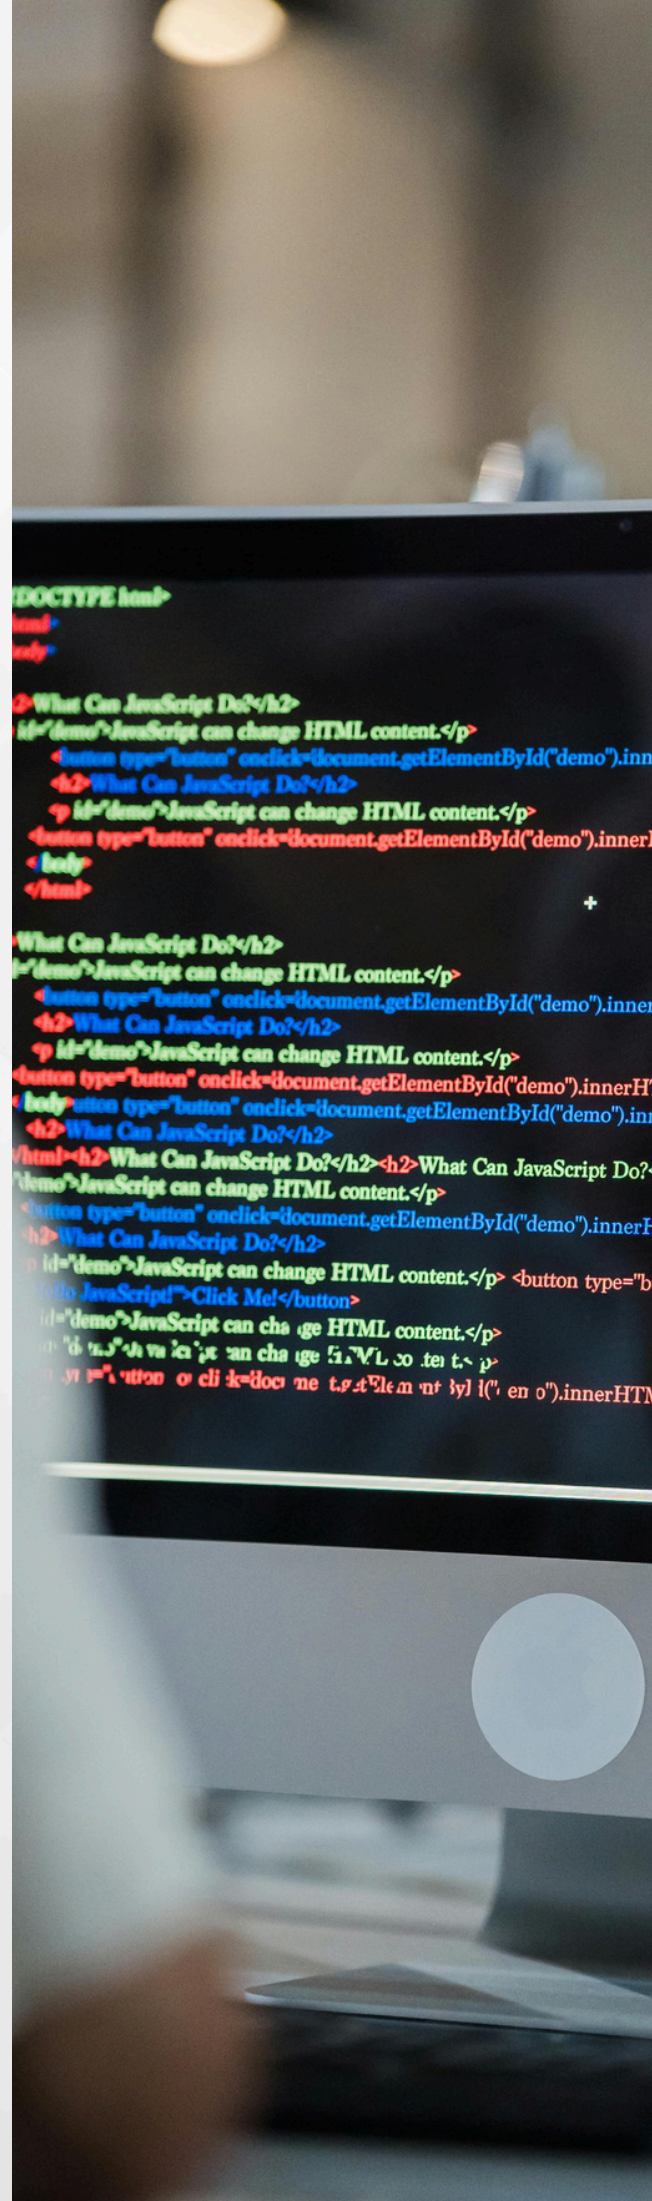

## What Sets Us Apart?

- **Expert Instructors:** Learn from industry veterans with hands-on experience.
- **Hybrid Learning Model:** Balance online flexibility with in-person engagement.
- **Comprehensive Curriculum:** Stay ahead with courses designed meet market demands.
- **Community and Networking:** Be part of an active community of learners and professionals.

## Who Can Apply?

### Eligibility Criteria:

- Accredited master's degree in economics or financial economics with at least 18 hours of graduate economics studies within an accredited master's or doctorate program.

- 
- At least three years of employment in the financial services industry or a letter of recommendation from a supervisor in the same field.
  - Completion of a self-study program and passing an online final exam covering topics such as economic theory, econometrics, monetary policy, fiscal policy, and international economics.

## Program Overview

**The ChEA Program provides a comprehensive education in economic analysis and policy. Our curriculum covers a wide range of topics to ensure a thorough understanding, combining theoretical knowledge with practical, hands-on experience.**

### Learning Mode:

- **Hybrid Learning Model:** Combines online learning with in-person sessions for flexibility and interactive engagement.
- **Interactive Sessions:** Includes live webinars, workshops, and Q&A forums with expert instructors and peers.
- **Self-paced Learning:** Access course materials anytime, allowing you to learn at your own pace.

## PROGRAM OBJECTIVES

- Build knowledge and skills in economic theory and econometrics.
- Understand monetary policy, fiscal policy, and international economics.
- Prepare for the Chartered Economic Analyst (ChEA) exam.
- Foster continuous learning and personal growth.
