

Finance and Banking

The Future of Payment Technologies

Curriculum

Program Outline

Module 1: Mobile Payments

- 1. Introduction to Mobile Payments**
 - Core principles and concepts.
- 2. Understanding the Mechanisms and Trends in Mobile Payment Systems**
 - Techniques for evaluating mobile payment systems.
- 3. Mobile Payments Workshops**
 - Hands-on workshops to practice understanding mobile payment systems.

Module 2: Digital Currencies

- 4. Introduction to Digital Currencies**
 - Core principles and concepts of digital currencies.
- 5. Learning About Digital Currencies, Including Cryptocurrencies and CBDCs**
 - Strategies for analyzing digital currencies.
- 6. Digital Currencies Workshops**
 - Hands-on workshops to practice analyzing digital currencies.

Module 3: Blockchain

7. Introduction to Blockchain

- Core principles and concepts of blockchain.

8. Exploring the Technology Behind Blockchain and Its Applications in Payments

- Techniques for understanding blockchain.

9. Blockchain Workshops

- Hands-on workshops to practice understanding blockchain.

Module 4: Biometrics

10. Introduction to Biometrics

- Core principles and concepts of biometrics.

11. Examining the Role of Biometric Technologies in Enhancing Payment Security

- Strategies for analyzing biometrics.

12. Biometrics Workshops

- Hands-on workshops to practice analyzing biometrics.

Elective Modules

13. Data-Driven Decision Making in Payment Technologies

- Techniques for making decisions based on data and insights.

14. Risk Management in Payment Technologies

- Strategies for identifying and managing risks in payment technologies.

15. Behavioral Decision Making in Payment Technologies

- Understanding human behavior in payment technology processes.

16. Ethical Payment Practices

- Ensuring ethical standards in payment practices.

17. Collaborative Payment Technology Development

- Techniques for effective collaboration in payment technologies.

18. Conflict Resolution in Payment Technologies

- Managing and resolving conflicts in payment technology settings.
