WHY CHOOSE THIS PROGRAM?

Numbers That Speak for Themselves:

- **10,000+ Successful Alumni:** Join a network of impactful professionals.
- **95% Job Placement Rate:** Secure your future with our proven track record.
- **20+ Years of Excellence:** Trust in a legacy of education and industry expertise.
- **200+ Industry Partnerships:** Leverage our connections for real-world insights and opportunities

What Sets Us Apart?

- **Expert Instructors:** Learn from industry veterans with hands-on experience.
- **Hybrid Learning Model:** Balance online flexibility with in-person engagement.
- **Comprehensive Curriculum:** Stay ahead with courses designed to meet market demands.
- **Community and Networking:** Be part of an active community of learners and professionals

Who Can Apply?

Eligibility Criteria:

- To be eligible for a CPEL course, you need to meet the following criteria:
- Be at least 18 years old
- Have a valid and unrestricted pharmacist license
- Graduate from an accredited pharmacy program or equivalent
- Complete an ASHP-accredited pharmacy residency or equivalent
- Have at least 5 years of progressive and sustained leadership experience in a health care organization
- Be a current ASHP member
- Provide two references and documentation of volunteerism and CPEL competencies

CLINICAL TRIALS COORDINATOR PROFESSIONAL (CRCPRO)

IDEAL CANDIDATES:

Working professionals looking to advance their careers in Clinical Trials Coordinator Professional (CRCPro)

PROGRAM OVERVIEW

The Clinical Trials Coordinator Professional (CRCPro) Health care and Pharmaceutical Program provides an extensive education in Clinical Trials Coordinator Professional (CRCPro). Our curriculum ensures a comprehensive understanding through four progressive stages, combining theoretical knowledge with practical, hands-on experience

LEARNING MODE:

- **Hybrid Learning Model:** Combines online learning with in-person sessions for flexibility and interactive engagement.
- **Interactive Sessions:** Includes live webinars, workshops, and Q&A forums with expert instructors and peers.
- **Self-paced Learning:** Access course materials anytime, allowing you to learn at your own pace.

CURRICULUM HIGHLIGHTS:

- **Fundamental Knowledge:** Core principles of Clinical Trials Coordinator Professional (CRCPro).
- **Advanced Techniques:** In-depth understanding of advanced tools.
- **Real-World Applications:** Practical projects and case studies to apply your learning.
- **Capstone Project:** A final project that integrates all your skills and knowledge, showcasing your proficiency in Clinical Trials Coordinator Professional (CRCPro).

PROFESSIONAL DEVELOPMENT

- **Continuous Learning:** Stay updated with the latest trends and advancements in Clinical Trials Coordinator Professional (CRCPro).
- **Networking Opportunities:** Connect with industry experts, peers, and alumni to advance your career.
- **Ethical Considerations:** Learn about data ethics, privacy, and compliance to maintain the integrity of your practices.

Skills Learned

1. Clinical Skills:

- **Patient Assessment:** Conducting thorough patient assessments to diagnose and treat medical conditions.

2. Pharmaceutical Knowledge:

- **Pharmacology:** Understanding how drugs work, including their mechanisms of action, side effects, and interactions.

3. Regulatory Compliance:

- **Healthcare Regulations:** Understanding and adhering to regulations governing healthcare practices and pharmaceuticals.

4. Patient-Centered Care:

- **Communication Skills:** Communicating effectively with patients and healthcare team members.

5. Interprofessional Collaboration:

- **Teamwork:** Working collaboratively with other healthcare professionals to deliver comprehensive care

6. Research and Innovation:

- **Research Methods:** Conducting and applying research to improve healthcare practices and pharmaceutical developments

Job Positions and Opportunities

Career Paths:

- Pharmacist
- Clinical Research Coordinator
- Medical Science Liaison
- Healthcare Administrator
- Pharmaceutical Sales Representative
- Regulatory Affairs Specialist
- Nurse Practitioner (NP)
- Biomedical Engineer

Key Industry Verticals

Skill Application Areas:

- Healthcare Providers
- Pharmaceuticals
- Medical Devices
- Healthcare IT
- Healthcare Services
- Healthcare Financing
- Life Sciences
- Regulatory Affairs.

Industry Demand:

High demand across various sectors, competitive salaries, and strong growth potential

PROGRAM OUTLINE

Stage 1: Fundamentals of Clinical Trials Coordinator Professional (CRCPro)

1. **Good Clinical Practice (GCP):** Understanding and adhering to GCP guidelines to ensure the ethical and scientific quality of clinical trials.
2. **Regulatory Knowledge:** Familiarity with regulatory requirements and guidelines from agencies such as the FDA, EMA, and ICH.
3. **Site Management:** Skills in managing clinical trial sites, including site selection, qualification, and ongoing support to ensure compliance and data integrity.
4. **Documentation and Record Keeping:** Ensuring accurate and complete documentation of trial activities, including informed consent, case report forms, and trial master files.
5. **Communication and Team Collaboration:** Effective communication with investigators, sponsors, and other stakeholders, as well as collaboration within the clinical trial team.

PROGRAM OUTLINE

Stage 2: Advanced Clinical Trials Coordinator Professional (CRCPro)

1. **Advanced Clinical Trial Management:** Proficiency in managing complex clinical trials, including multi-site studies and adaptive trial designs.
2. **Regulatory Compliance:** In-depth knowledge of global regulatory requirements and guidelines, including ICH-GCP, FDA, EMA, and other relevant authorities.
3. **Data Management and Analysis:** Expertise in managing clinical trial data, including data cleaning, validation, and statistical analysis.
4. **Risk-Based Monitoring (RBM):** Advanced skills in implementing and managing risk-based monitoring strategies to identify and mitigate potential risks in clinical trials.
5. **Site Management and Training:** Experience in managing clinical trial sites, including site selection, qualification, training, and ongoing support to ensure compliance and data quality.

PROGRAM OUTLINE

Stage 3: Practical Applications

1. Patient Care and Management:

- **Medication Therapy Management (MTM):** Pharmacists optimize medication regimens to improve therapeutic outcomes and reduce adverse effects.

2. Clinical Practice:

- **Patient Counseling:** Educating patients on proper medication use, potential side effects, and lifestyle modifications to enhance health outcomes.

3. Pharmaceutical Research and Development:

- **Drug Discovery and Development:** Conducting research to discover new medications and develop existing ones

4. Healthcare Technology and Innovation:

- **Telemedicine:** Using telehealth platforms to provide remote consultations, follow-ups, and health monitoring

PROGRAM OUTLINE

Stage 4: Capstone Project

1. **Impact of Telemedicine on Patient Outcomes**

- Analyze the effectiveness of telemedicine in improving patient outcomes, especially for chronic disease management .

2. **Pharmaceutical Waste Management**

- Develop strategies to reduce pharmaceutical waste and its environmental impact.

3. **Medication Adherence in Elderly Patients**

- Investigate factors affecting medication adherence among elderly patients and develop interventions to improve adherence.

4. **Implementation of an Electronic Health Records (EHR) System**

- Assess the challenges and benefits of implementing an EHR system in a healthcare facility

ELECTIVE MODULES

- **Advanced Pharmacology:** Deep dive into the mechanisms of action, side effects, and interactions of various drugs.
- **Clinical Research Methods:** Learn about designing and conducting clinical trials, data analysis, and ethical considerations.
- **Health Informatics:** Study the use of information technology in healthcare, including electronic health records and data management.
- **Global Health:** Explore health issues and solutions in a global context, including international health policies and practices
