Certified Corporate Governance Program

Introduction to Corporate Governance

Welcome, future board member and director! 🌟 This Certified Corporate Governance Program teaches participants how to become effective board members and directors of corporations by learning the principles and practices of corporate governance. Corporate governance is the system of rules, policies, and processes that govern how a corporation is directed and controlled and how it interacts with its stakeholders, such as shareholders, employees, customers, regulators, and society. Corporate governance aims to ensure that a corporation is accountable, transparent, ethical, and sustainable, and that it creates value for its stakeholders in the long term.
